### PRESENTATION NIGHT

Plans are well underway for our **Presentation Night** on **Monday December 7<sup>th</sup>** in our gym. Once again, this is a great social event for families, as well as acknowledging our students for their learning throughout the year. At this event we also thank the volunteers who have supported our students during the year in a range of ways, as well as farewell our Year 7 students. The students will share several short items with the audience. We also hope Father Christmas will have time in his busy schedule to visit us before the families head home.

For this evening we ask all families to assist with the catering by providing food for the event. The school will provide soft drinks. We also seek support with setting up and tidying up afterwards. Final details regarding times etc will be sent home closer to the date.

### UNIFORMS FOR 2016

We are running very short of uniforms in certain sizes. If you intend for your child/children to have new uniforms for 2016 please complete the attached form. We are purchasing a standard t-shirt from a supplier and will be having the embroidery done locally. This will make the t-shirts slightly cheaper and it will be a slightly different style from the previous ones. We are also sourcing a cheaper option for the windcheaters.

### **Building RESILIENCE**

#### **Nurture a positive self-view**

Help your child remember ways that he or she has successfully handled hardships in the past and then help him understand that these past challenges help him build the strength to handle future challenges. Help your child learn to trust himself to solve problems and make appropriate decisions. Teach your child to see the humor in life, and the ability to laugh at one's self. At school, help children see how their individual accomplishments contribute to the wellbeing of the class as a whole.
